

## **AAA Premier Membership**

We highly encourage all drivers to sign up for a AAA Premier Membership that includes free towing and roadside assistance. We will reimburse the yearly amount 100% for full time drivers and 50% for part time drivers. This is especially important if you work at night. AAA can give you a jump, change a tire, or tow your vehicle to the company's designated repair shop at 1807 W Buchanan St Phoenix, AZ 85007. If you have a problem you can't fix on your own, please call AAA first when you need roadside assistance. Text Daniel for reimbursement by sending a picture of the receipt.

Towing is very expensive, so please don't wait for something to happen before signing up for AAA Premier. It's also a good idea that you check your vehicle to make sure you have everything you need to change a tire, and regularly inspect your tires for insufficient tread or uneven wear to prevent a blowout.
